Milk Preparation

1. Milk Preparation Water Production Device
2. Clean Milk Preparation Unit
3. Milk Preparation Unit
4. Precise Distributor
5. Automatic Distribution Device
6. Terminal Milk Sterilizer & Cooler
7. Pass Box Refrigerator
8. Milk Preparation Support System
9. Milk Preparation Label Printing System
10. Temperature Control System
11. Milk Warmer
12. Disposable Feeding Bottle
13. Milk Precise Distributor Device
14. Sectional Milk Preparation Water Production
15. Racoon Delivery Cart Compact Milk Preparation
16. Water Production Device (Desktop type)

Washing

1. Mita Universal Washer (MS Type)
2. Bottle Quick (WZ-24 Type)
3. Surpass Automatic Washer (SRA Type)
4. Surpass Automatic Washer (SRW Type)
5. Ultrasonic Feeding Bottle Washing Device (BYU Type)
6. Bottle Quick (WZB-V Type)
7. Silicon Cap Washer (SRRW Type)
8. Ultrasonic Washer
9. Mortar & Pestle Washer
10. Vial Container Washer
11. Cage Washer
12. Presoaking Tank
13. Surpass Automatic Washer (SR Type)
14. Large-Size Bottle Brush Washer
15. Ion-Blow Bottle Washer
16. Large-Size Bottle Washer (Roux Bottle Washer)

Sterilization

1. Terminal Steamer
2. Bottle Steamer
3. Terminal Steam Pasteurization Machine
4. MGS System
5. Surpass Steamer (AVP-50 Type)
6. Dry Heat Sterilizer
7. Dust-Free Hot Air Forced Circulation Type Dryer
8. Steam Pasteurization Unit
9. Compact High-Pressure Steam Sterilizer
10. Pure Steam Generator

RO Filtered / Distilled Water Production

1. Distilled Water Production Equipment
2. Reverse Osmosis Extrapure Water Production Equipment
3. Pure Water Steam Generator
4. RO Filtered Water Production Equipment

Drying

1. Clean Dryer
2. Dust-Free Hot Air Forced Circulation Type Dryer (MO Type)
3. Dust-Free Hot Air Forced Circulation Type Dryer (SD / SD-F Type)
4. Medium Temperature Dryer (LD-50 Type)
